

# Laws on Universities and Institutions of Bangladesh

Edited by  
Dr. Mohsin Uddin Ahmed

## **Preface**

The book contains a compilation of statutes and enactments related with the universities and institutions of Bangladesh. All the statutes and enactments have been tried to accumulate here with their original shape and form. Recent amendment has tried to consider here as far as possible.

This book will be helpful to understand the actual existence of any one with comparison to others. The employees of the concern universities and institutions could found themselves among other universities and institutions of Bangladesh. Researchers and national decision-makers will be helped through this compilation.

Some typing error could be found here, which have been tried to minimize through extensive editing with conscious mind, because, change of a word could change the meaning of the actual regulations prescribed by the government. Therefore, it is praying to the users that, any sort of typing error will be considered as error not as the change of the meaning of regulation.

This book is very much helpful for legal practitioners who like to understand the different scenarios of the universities and institutions of the country. Such type of knowledge could bring suitability to frame an effective court case.

The author will be highly pleased if any one could be benefited through this publication.
